### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims have been allowed because prior art of record fails to disclose or suggest the absorption system comprising a reservoir, a valve upstream and a valve downstream. The upstream valve is opening when the upstream pressure is greater than the downstream pressure and in response to interrupting operation of the system to produce cold, the downstream valve is blocked when the generator stops.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
